POSTMASTER'S DAUGHTER AT ENTERPRISE IS MARRIED.

Enterprise, Sept. 8.—Wednesday night at the home of the bride's parents, Mr. and Mrs. James Frey, were married Miss Elisabeth Frey and Herman Renwanz, Rev. Mr. Meyer officiating. The bride and groom are two of Enterprise's best young people. They left for the Pacific coast to spend their honeymoon.

Vacation is over. Again the school bell rings at morning and at noon, against with tens of thousands the hardest kind of work has begun, the renewal of which is a mental and physical strain to all except the most rugged. The little girl that a few days ago had roses in her cheeks, and the little boy whose lips were then so red you would have insisted that they had been "kissed by strawberries," have already lost something of the appearance of health. Now is a time when many children should be given a tonic, which may avert much serious trouble, and we know of no other so highly to be recommended as Hood's Sarsaparilla, which strengthens the nerves, perfects digestion, and assimilation, and aids mental development by building up the whole system.

No Need to Stop Work.
When your doctor orders you to stop work, it staggers you. "I can't," you say. You know you are weak, run down and failing in health, day by day, but you must work as long as you can stand. Don't be weak, sickly or ailing when Electric Bitters will benefit you from the first dose. Thousands bless them for their glorious health and strength. Try them. Every bottle is guaranteed to satisfy. Only 50c at all druggists.

OLD SETTLERS HAD GOOD TIME ALTHOUGH IT DID RAIN.

Enterprise, Sept. 8.—Over 1500 persons enjoyed the Old Settlers' Reunion yesterday although the rain somewhat interfered with the program arranged. The speaking was held in the college hall and a large crowd was turned away for lack of room. State Superintendent Fairchild made the principal address and it was well received. R. M. White of Abilene and Rev. Mr. Asling of Woodbine also made interesting talks. Miss Lois Crawford of Abilene rendered a beautiful vocal solo and Mrs. Elisabeth Ehrman-Chase favored the old settlers with a selection on the violin. The Enterprise quartette also furnished good music. The Enterprise band furnished music during the day and gave a special concert in the evening. In the afternoon Enterprise defeated Chapman in a fast base ball game 5 to 4. A free vaudeville performance and moving picture show furnished the amusement in the evening.

COUNTY SUPERINTENDENT GIVES TEACHERS ADVICE.

No, the crowd of pretty girls on the streets today did not belong to a show troupe. These young ladies were school teachers here today to attend a meeting of the district school teachers. County Superintendent Steen gave them instructions for their winter's work which starts next week.

SOME TROUBLE FOR NOTARIES.

Many of Them Have Not Qualified According to Law.

Mr. Notary Public have you filed your bond of \$1,000, which has been approved by the district clerk, with the secretary of state? If not it is possible that your delinquency may lead to entanglement in a legal way.

In checking up the records of his office, Secretary of State Charles Sessions has made the discovery that several hundred Kansans are acting as notary publics without having legally qualified themselves so to do by filing their bond in the office of the secretary of state and receiving their commission. Acknowledgments made before notaries who have not completely fulfilled the requirements of the law governing their appointment and qualifications are invalid.

AFTER ROLLER TOWELS.

Hotel Keepers Must Have Clean Towels.

Since September 1st, when the order abolishing roller towels from public places in Kansas became effective, the state board of health has directed the attention of its staff of traveling inspectors to the hotels of the state. There have not as yet been prosecutions for violations of the roller towel order although it has not been complied with generally in the smaller or second class hotels of the state.

Dr. Crumline is making it plain though that after one warning hotel proprietors who do not provide individual towels for their guests will be prosecuted. Incidentally, the inspectors on their rounds are starting prosecutions of hotel proprietors who have failed to comply with the nine foot sheet law. Landlords at Goffs, Clay Center and Great Bend have just been prosecuted and fined for failure to obey the nine foot sheet order and Dr. Crumline says that others are to follow.

Hope, Sept. 8.—Tuesday evening on the railroad crossing south of town an automobile and hand car collided. A Mexican laborer was seriously injured and the automobile was badly damaged. The men on the hand car and the automobile driver were both trying to beat a freight train across the crossing and did not see one another until just a moment before the collision.

RICHARD GRICE SAW SHIPPERS STRIKE AT LIVERPOOL, ENG.

"Yes, we had a very pleasant trip," said Richard Grice, a prosperous Dickinson county farmer who, with his wife and family returned from a visit to Mr. Grice's boyhood home in England, Thursday. "On our return we stopped at Liverpool for a month and were there during two weeks of the shippers' strike. It was terrible. Whole regiments of soldiers were needed to guard food supplies that were hauled through the streets. Both men and women were just as ferocious as the men. Cargo after cargo laid in the harbor there for two weeks without being transferred. Boats filled with merchandise from New York returned to the United States without unloading. To show you how ferocious these strikers were, I saw one of them climb onto a brewer's truck, pick up a beer bottle and throw it at a policeman, caving in part of the officer's face."

Mr. Grice is 51 years of age, but does not look to be over 42. He is an old resident of Dickinson county, having lived here for 40 years. This is the first time Mr. Grice has been back to his home since his arrival in America.

SHOULD INCREASE ATTENDANCE

State Law Makes it Compulsory to Attend High School.

This year should show an increased attendance in the high schools of the state among the young people who intend to teach. In view of the fact that the requirements for a teacher's certificate will be raised beginning next year. At the last session of the legislature a law was passed which provided that after May 1, 1913, no person shall be granted a certificate who has not completed at least one year of school work in an accredited high school or its equivalent and after May 1, 1917, no person shall be granted a certificate who has not completed four years of high school or its equivalent.

Partially to meet this demand the legislature also appropriated one hundred thousand dollars to be distributed among the various high schools of the state whose course of study met certain requirements of the state board of education. This normal training work is given in the junior and senior years, thus making the tuition free to all pupils who choose to take this work irrespective of residence.

The local high school has met these requirements for the past two years and a number of students have completed the work, received a normal training state certificate to teach in any of the schools of the state of Kansas, and all who wished positions, secured them at very good salaries.

IF YOU HAVE A SICKLY YOUNGSTER TRY THIS FREE

The family with young children that is without sickness in the house now and then is rare, and so it is important that the head of the house should know what to do in the little emergencies that arise. A child with a serious ailment needs a doctor, it is true, but in the majority of instances, as any doctor knows, the child suffers from some intestinal trouble, usually constipation.

There is no sense in giving it a pill or a remedy containing an opiate, nor is flushing of the bowels to be always resorted to. Rather give it a small dose of a mild, gentle laxative tonic like Dr. Caldwell's Syrup Pepsin, which by cleaning out the bowels and strengthening the little stomach muscles, will immediately correct the trouble.

of Mrs. N. H. Mead of Freeport, Kansas, whose granddaughter has been taking it successfully and of Mrs. J. R. Whiting of Iowa, who gives it to her children and takes it herself. It is sold in fifty cent and one dollar bottles at every drug store, but if you want to test it in your family before you buy it send your address to Dr. Caldwell and he will forward a supply free of charge.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 311 Caldwell building, Monticello, Ill.
